PERSONAL SUMMARY

Motivated Intelligence Systems Engineering student with a strong foundation in software engineering, artificial intelligence, and quality assurance. Passionate about applying analytical skills to solve complex problems. Experienced in building machine learning models, mobile application development (Flutter), and software testing. Seeking an internship opportunity to contribute to dynamic technical teams

EXPERIENCE & VOLUNTEERING

- English Class Moderator: Moderated online classes for 2 years, ensuring effective communication.
- Administrative Assistant: Supported team operations and administrative tasks for 1 year.
- Member of 451 Alliance: Created academic summaries and automation projects.

Education

- Helwan National University – Intelligence Systems Engineering
- Expected Graduation: 2028 | GPA: 3.07

Technical Skills

- Programming: C++, Python, Dart.
- AI & Machine Learning: Machine Learning Models (Regression, Random Forest, KNN, SVM, Decision Tree), Data Visualization, Feature Selection, Dimensionality Reduction (PCA).
- Software Testing: Manual Software Testing, Quality Assurance (QA) principles.
- Mobile Development: Flutter Framework.
- Networking: Networking Basics, IP Addressing.
- Tools: Microsoft Word, Excel, PowerPoint.

PROJECTS

AI & Machine Learning Project – Sprints x Microsoft Summer Camp

- Developed and evaluated ML models (Logistic Regression, Random Forest, Gradient Boosting) using accuracy, recall, and ROC curves.
- Performed feature selection and dimensionality reduction (PCA, RFE) to optimize model performance.
- Applied unsupervised learning (K-Means clustering, hierarchical clustering).

Grade Evaluation Program (C++)

- Developed a C++ application for student grade classification and pass/fail status determination.

CERTIFICATIONS

- Artificial Intelligence Ambassadors Program | NTI & Ministry of Communications (2024)
- AI Career Essentials (AICE) | ALX Africa (2024)
- AI and Machine Learning Summer Camp | Sprints x Microsoft
- Networking Basics | Cisco Networking Academy
- SprintUp - Mobile Development by Flutter | Sprints
- SprintUp - Introduction to Testing | Sprints
- ITIDA Gigs - Freelance Training Program | ITIDA & EYouth
